Office of PA Attorney General  
Tom Corbett  
Strawberry Square  
16<sup>th</sup> Floor  
Harrisburg, PA 17120  
ATTN: Brian Nutt

Dear General Corbett,

There is a matter of the greatest urgency to the Northampton County Republican Committee that I must present to your office for review. Enclosed is a complete packet on a matter of campaign finance, among other matters, in which you will find materials that are of great concern to us in how a political mailer campaign is able to be conducted. Not only is it disturbing to us in Northampton County personally, but in our minds there are broader implications as well.

This matter was sent to our District Attorney for review and his response with all corresponding paperwork is enclosed. While certain aspects of his response may be true in technical fact, it is not necessarily applicable to all aspects of this matter, and it gives us no recourse in stopping what is a very bad campaign practice. There are also issues that he will not address because of personal association. Our concerns lie in the *process* as much as the broader question regarding free speech.

We ask for urgent action as the campaign season is upon us.

Potentially, there are apparently similar issues to be addressed in adjacent counties, but we are not aware of those details at this time. There may be those considerations in the future.

If there are any further proofs, materials or commentary that we can provide to assist in addressing this matter, please feel free to contact me or our NCRC headquarters at anytime.

Sincerely,

Bob Kilbanks  
NCRC Chairman
